

# Straight Talk

September/October 2011 Volume 8, Issue 4

## Alex's Lemonade Stand

A **HUGE** "Thank You" to all of the **amazing** patients who donated to our Alex lemonade stand this year. With your help we were able to raise **\$509.00** towards finding a cure for childhood cancer.

## MISSION STATEMENT

**We exist for our patients.** Our Orthodontic specialty team is committed to provide excellence in Orthodontic care in an atmosphere that is friendly, relaxed and respectful. We will provide the best quality treatment available by utilizing state of the art orthodontic procedure, technology, sterilization, and safety practices. It is our passion to create beautiful and healthy smiles for our patients along with experiences that will be valued for a lifetime.

Dr. Klomparens and his Orthodontic team are committed to our continuing education and growth both professionally and personally. We are proud of our Board Certified Doctor and highly trained orthodontic team and very grateful that our patients have chosen us for their orthodontic care.

Come in and look for the 10 hidden windmills around the front office. If you find all of them, you will be put into a drawing for a prize!

## You are in the care of a Specialist!!

When you trusted your care with Dr. Klomparens you made a great choice! Dr. Klomparens is Midland's only Board Certified Orthodontist. He is also a specialist in orthodontics. What does it mean to be a specialist in orthodontics? It means Dr. Klomparens has 2 additional years of orthodontic specialty school after 4 years of dental school. It is very difficult to get into specialty school as only the top dental school students are admitted to study orthodontics. Dr. Klomparens studied 2 additional years after dental school in order to become an expert in taking care of you!

Did you know only graduates from orthodontic school are legally allowed to call themselves an orthodontist? Did you know dentists can do braces but they aren't an orthodontist? So aren't you glad you made a great choice in trusting your care with a specialist! We sure are and we are committed to providing you the exceptional quality care that comes with Dr. Klomparens expertise. Thank you for choosing our office!!

## CAN I ALWAYS HAVE AN AFTER SCHOOL APPOINTMENT?

Please understand that 90% of our patients either work or attend school and even though we understand that you would prefer not to miss work or school for your orthodontic visits, we need your help!! To be fair with all our valued patients, please alternate appointment scheduling with before/after school times with during school appointments. Thank you for your understanding!

OCTOBER IS  
ORTHODONTICS  
AWARENESS MONTH!!!
